

## KUBA MANUAL

The Kuba™

### ***Congratulations on purchasing the Kuba™***

The Kuba™ embodies the sophistication and life style of cigars, with the flexibility of a 'healthier alternative' that you can legally enjoy anywhere. With all the traditional burning and poisons removed, it is better for you and those around you.

The e-haler cigar is disposable and lasts over 3000 puffs, which is equivalent to 8 normal cigars. It is comparable in size and weight to a regular cigar and even consists of real paper leaf feel coverage.

The Kuba's up to now have only been available in Marlborough and Mint flavours but now Triple Halo is proud to present our new additions to the range: Apple, Grape, Strawberry, Orange, Cherry, Vanilla, Coffee and Almond, all so rich in flavour, it literally makes your mouth water.

### Instructions

#### Step 1:

Push Cartridge (mouthpiece) down into the main body of the Kuba, ensuring that there are no gaps in-between.

#### Step 2:

Hold the Kuba™ facing down for approximately 3mins to allow liquid to flow through to mechanism.

Please note: When device flashes, it is a warning that the Kuba is coming to the end of its battery life. Once finished please dispose of it.

Warning: Keep out of reach of children. You must be over 18 to smoke any TripleHalo product.
